LIVE & LOCAL ECHO

“We are very excited about the ways in which the Radiometres funding has encouraged and supported the growth of our creative community and production capabilities at Trent Radio. We feel very fortunate to have these opportunities, and our community benefits from them greatly.”

CIFA 104.1 FM (Saultierville, New Brunswick)

MESSAGE FROM THE PRESIDENT

This year, the Community Radio Fund of Canada's efforts to diversify its sources of revenue have paid off. In fact, the Canada Revenue Agency granted us a non-profit organization registration number which will allow us to implement the Community Radio Foundation of Canada, to the benefit of about 180 community radio stations across the country.

Throughout 2016, the Fund distributed close to \$3 million to campus and community stations as part of its 6th round of financing for its Radiometres program. We are well aware that this contribution, although significant, does not satisfy the essential needs of campus and community stations. It is therefore imperative that we continue our diversification efforts to find other donors.

I would like to thank the Community Radio Fund of Canada board members who assisted me in my functions of president. I was able to count on the Fund's executive office regularly. The board welcomed four new members: Ashly Kissman, Sylvain Lafrance, Monique Levesque and Pierre-Louis Smith. My heartfelt thanks to the entire board for their dedication to the growth of the campus and community radios movement.

Sadly, we have learned that Peter Fleming, one of our board members, passed away this year. The Fund was privileged to benefit from Peter's expertise and passion for campus and community radio. We extend our sincere condolences to his family.

The Fund recently hired a new executive director, Amély Friolet-O'Neil. We warmly welcome her into the great community and campus radio family.

The current annual report will allow you to understand the significant impact the Fund has had on the development of campus and community radios all over the country since its inception.

Enjoy the read.

A handwritten signature in black ink, which appears to read "Roger Ouellette". The signature is fluid and cursive.

Roger Ouellette

ABOUT US

The Community Radio Fund of Canada (CRFC) is an independent not-for-profit funding organization that has been certified by the Canadian Radio-television and Telecommunications Commission (CRTC).

Its mandate is to provide support to campus and community radio stations in Canada and to foster a well-resourced, dynamic, and accessible sector, which constitutes one of the three pillars in the Canadian radio broadcasting system. Thereby, the CRFC's mission is to build and improve campus and community radio for all Canadians through funding and collaborations.

The CRFC was founded on November 29th 2007 as the result of a three-year consultation among Canada's largest community radio associations:

- [The Alliance des radios communautaires du Canada \(ARC du Canada\)](#)
- [The Association des radiodiffuseurs communautaires du Québec \(ARCQ\)](#)
- [The National Campus and Community Radio Association \(NCRA/ANREC\)](#)

The campus and community radio sector is accessible, sustainable and reflects the diversity of all Canadians. It contributes to Canada's social, cultural and economic development, promotes volunteerism and leads to locally created programming in urban, rural and remote areas.

Since its creation in 2007, over **\$10 million** were distributed to **127 different radio stations** for the implementation of **443 projects** in **9 provinces** and **3 territories**.

**CRFC

OUR FUNDING PARTNERS: COMMERCIAL RADIO BROADCASTERS

The following commercial radio broadcasters have contributed both voluntary and mandatory Canadian Content Development (CCD) contributions to the CRFC. First, the CRFC receives at least 0.5% of tangible benefits when there is a transfer of ownership or control of commercial radio undertakings.¹ Second, the CRFC receives at least 15% of commercial radio licensees' basic annual contributions to Canadian Content Development (CCD).²

These are the financial contributions for 2015-2016:

	Bell Media (BCE Inc.) \$1,330,945
	COGECO \$189,893
	CORUS \$96,921
	Newcap \$196,462
	The Jim Pattison Broadcast Group \$147,998
	Rogers Broadcasting \$152,232
	SiriusXM Canada \$687,618
	Stingray Digital Group \$91,205

- 9174-8004 Québec Inc.

OUR FUNDING PROGRAMS

RADIOMETRE

In 2012, the CRFC launched for the very first time the *Radiometres* program. Since then, after only 5 rounds of funding, the CRFC distributed more than 6 million dollars to stations throughout Canada for the implementation of hundreds of different projects.

Radiometres has been created to meet both the requirements of the CRTC and the needs of campus and community radio sector. In order to do so, the CRFC has established an outcomes-based approach program. This approach is flexible enough to fund a variety of activities undertaken by different stations as long as the project meets at least one of the three outcomes of the program.

These outcomes, all of which reflect some of the key goals of the campus and community radio sector and the Canadian broadcasting system, are: (1) high-quality, locally-reflective music and spoken word programming; (2) skilled and sustainable volunteer participation in local content creation and operations; and (3) diverse community participation in governance, programming, and content.

The funding for *Radiometres* is provided by Canada's private radio broadcasters through their Canadian Content Development (CCD) contributions, a funding mechanism established by the Canadian Radio-television and Telecommunications Commission (CRTC). These contributions play an important part in the success of the Canadian radio broadcasting system's community sector.

YOUTH ON AIR!

Campus and community radio exists thanks to the commitment and participation of diverse community members. To emphasize this essential role and highlight the importance of youth in this media, the CRFC has decided to put into effect a pilot program called *Youth on Air!* This program is a continuation of the first two programs previously offered by the CRFC: the *Radio Talent Development Program* and the *Youth Internship Program*.

Youth on Air! offers youth aged 16 to 30 a unique radio experience by means of training grants. The program is aimed at stations that are seeking to work with young Canadians in search of mentorship, education, and/or training in broadcasting within a community-oriented radio station. The goal of the program is to increase

capacity and outreach of stations through the recruitment, hiring, and training of young talented radio programmers while contributing to new and innovative programming. The components of the program are:

- a) the mentorship, education, and/or training of a youth intern(s);
- b) music or local-interest spoken word programming produced by the intern(s).

The funding distributed under this program, as well as the *Radiometres* program, is provided by Canada's commercial radiobroadcasters through a portion of their Canadian Content Development (CCD) contributions.

CJLY 93.5 FM, 96.5 FM, 107.5 FM (Nelson, British Columbia)

CKJM 93.5 FM (Moncton, New Brunswick)

CHOP 102.7 FM (Newmarket, Ontario)

CICW 92.9 FM – Fergus, Ontario
Austin Cardinell, Summer Intern

YOUTH HANDS-ON WORK EXPERIENCE

“This was nothing I was expecting and want to say a big thank you to The Grand at 92.9 FM and to the Youth on Air! program because it has made a 100% impact in my life and cannot wait to work in Radio Broadcasting in the future as a full time job.”

CJLY 93.5 FM, 96.5 FM, 107.5 FM (Nelson, British Columbia)

ALTIMETRES

Canada's largest community radio associations are:

- *The Alliance des radios communautaires du Canada (ARC du Canada)* Founded in 1991, ARC du Canada represents 28 stations in nine provinces in two territories.
- *The Association des radiodiffuseurs communautaires du Québec (ARCQ)* Founded in 1979, ARCQ represents 34 stations in 17 different regions of Quebec.
- *The National Campus and Community Radio Association (NCRA/ANREC)* Founded in 1986, the NCRA represents 85 licensed stations in nine provinces and three territories.

Together they represent the majority of the 180 campus and community radio stations licensed by the CRTC. They play a strategic role in training volunteers and paid staff, and also offer resources on fundraising, governance, regulatory compliance, and more, including providing stations the opportunity to network and share their ideas.

In 2014-2015, the CRFC (decided to put in place) LAUNCHED a new program called Altimetres focusing on capacity building and training opportunities offered to campus and community stations through their respective associations.

As part of this funding envelope, the associations provide services, categorized into the following two areas:

Training: Impart knowledge through skill development workshops or case studies. This includes training for community radio station's volunteers, staff, journalists and technicians; developing marketing strategies to increase advertising income by relying on the market niche of local businesses, who are the most likely to support community radio; capacity building initiatives to attract a bigger audience; provide assistance in financial management, human resources, organizational development and resource evaluation.

Canadian Content Development (CCD): CCD consists of various funding initiatives by broadcasters to help create and promote audio content for broadcasting using Canadian resources. These initiatives provide support, promotion, training and development of Canadian musical and spoken word talent, including journalists. The initiatives undertaken by the associations will be allocated to the support, promotion, training and development of Canadian musical and spoken word talent.

OUR RECIPIENTS

RADIOMETRES

The following list gives an overview of the projects funded by the CRFC under the fourth round of the Radiometres program.

CFAI 101.1 & 105.1 FM
Edmundston & Grand Falls, New Brunswick
Calepin, crayon, MICRO!
\$28,069

CHOW 105.3 FM
Amos, Quebec

EXCERPT FROM THE FINANCIAL STATEMENTS
EXTRAIT DES ÉTATS FINANCIERS

AUGUST 31, 2016
31 AOÛT 2016

INDEPENDENT AUDITOR'S REPORT

To the Members of
Community Radio Fund of Canada Inc.

We have audited the accompanying financial statements of the Community Radio Fund of Canada Inc., which comprise the statement of financial position as at August 31, 2016, and the statements of operations, changes in net assets and cash flows for the year then ended, as well as a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

RAPPORT DE L'AUDITEUR INDÉPENDANT

Aux membres de
Le Fonds canadien de la radio communautaire Inc.

Nous avons effectué l'audit des états financiers ci-joints du Fonds canadien de la radio communautaire Inc., qui comprennent l'état de la situation financière au 31 août 2016, et les états des résultats, de l'évolution de l'actif net et des flux de trésorerie pour l'exercice clos à cette date, ainsi qu'un résumé des principales méthodes comptables et d'autres informations explicatives.

Responsabilité de la direction pour les états financiers

La direction est responsable de la préparation et de la présentation fidèle de ces états financiers conformément aux Normes comptables canadiennes pour les organismes sans but lucratif ainsi que du contrôle interne qu'elle considère comme nécessaire pour permettre la préparation d'états financiers exempts d'anomalies significatives résultant de fraudes ou d'erreurs.

Responsabilité de l'auditeur

Notre responsabilité consiste à exprimer une opinion sur les états financiers, sur la base de notre audit. Nous avons effectué notre audit selon les normes d'audit généralement reconnues du Canada. Ces normes requièrent que nous nous conformions aux règles de déontologie et que nous planifions et réalisons l'audit de façon à obtenir l'assurance raisonnable que les états financiers ne comportent pas d'anomalies significatives.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessments of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Community Radio Fund of Canada Inc. as at August 31, 2016, as well as the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Chartered Professional Accountants, Licensed Public Accountants

Ottawa, Ontario
November 2, 2016

Un audit implique la mise en œuvre de procédures en vue de recueillir des éléments probants concernant les montants et les informations fournis dans les états financiers. Le choix des procédures relève du jugement de l'auditeur, et notamment de son évaluation des risques que les états financiers comportent des anomalies significatives résultant de fraudes ou d'erreurs. Dans l'évaluation de ces risques, l'auditeur prend en considération le contrôle interne de l'organisme portant sur la préparation et la présentation fidèle des états financiers afin de concevoir des procédures d'audit appropriées aux circonstances, et non dans le but d'exprimer une opinion sur l'efficacité du contrôle interne de l'organisme. Un audit comporte également l'appréciation du caractère approprié des méthodes comptables retenues et du caractère raisonnable des estimations comptables faites par la direction, de même que l'appréciation de la présentation d'ensemble des états financiers.

Nous estimons que les éléments probants que nous avons obtenus sont suffisants et appropriés pour fonder notre opinion d'audit.

Opinion

À notre avis, les états financiers donnent, dans tous leurs aspects significatifs, une image fidèle de la situation financière du Fonds canadien de la radio communautaire Inc. au 31 août 2016, ainsi que des résultats de ses activités et de ses flux de trésorerie pour l'exercice clos à cette date, conformément aux Normes comptables canadiennes pour les organismes sans but lucratif.
